

It Pays to Trade Program

Save up to \$1,859 when you trade in any brand Immersion Circulator, Refrigerated Circulator or Recirculating Chiller.

The **LAUDA Trade-In Program** provides a simple way to make purchasing new constant temperature equipment more affordable while ensuring that outdated equipment and instrumentation is disposed of and recycled in an environmentally friendly manner. The **LAUDA Trade-In Program** helps to reduce the overhead costs of storage and disposal of out-dated equipment and instrumentation while saving on new LAUDA products — a worthwhile initiative for the environment and your business.
